### Checkpoint 8 Sprint review 5 - Marcio 13-06-2022

**Khan, Mohammad Nazibul M.N.K.** 16 hours ago

Discussed the current progress. I have to update my design document and add some reference to research document, And implement the frontend

Describe what goes well according to your teacher, what you should pay more attention to and what is your next step to achieve the learning outcomes...

Post Feedback

### Checkpoint 7 Marcio 30-05-2022

**Khan, Mohammad Nazibul M.N.K.** 18 days ago

We talked about how my backend currently looks. We talked about how current state is better than previous version. We talked about websocket and how can I use it in my website. We talked about how to work with authorisation and authentication in react part. I have to use a library given by mr Marcio.

### Checkpoint 6 Sprint Review 3 - Marcio 29-04-2022

**Khan, Mohammad Nazibul M.N.K.** a month ago

We talked how using exception is better than using boolean method. Exception shows user where it went wrong and boolean only tells u something went wrong. We talked about how documents need some changes.

Design document: C4 diagram should be more precise only architecture for one entity should be enough.

Research document: Should include answers of all the questions

Sonarqube should be added to the git.

### Checkpoint 5 Marcio 11-04-2022

**Khan, Mohammad Nazibul M.N.K.** 2 months ago

We talked about UML and how i can improve it. We talked about service layer where we can split it if list of methods becomes too long. We talked about a little about exception class and how to use it. We also talk about dto and conversion of dto

**Checkpoint 4** Tim 31-03-2022**Khan, Mohammad Nazibul M.N.K.** 3 months ago

I learned how to install sonarqube. We discussed about my UML. We checked if my UML follows the SOLID principles. We also discussed about DTO and how it is useful for frontend.

**Checkpoint 3** Marcio 25-02-2022**Khan, Mohammad Nazibul M.N.K.** 4 months ago

We discussed about three layered design. We also discussed about my submitted assignment and how I can improve for late cases. We discussed a little bit database and frontend layer.

**Checkpoint 2** Tim 24-02-2022**Khan, Mohammad Nazibul M.N.K.** 4 months ago

We fixed the pipeline error. We fixed some problems with Java. We talked about user stories a little. I learned how to be more specific in the user stories.

**Checkpoint 1** Tim 10-02-2022**Khan, Mohammad Nazibul M.N.K.** 4 months ago

We talked about my project idea. We talked how I should do more than just CRUD. I also got feedback on how to write user stories. And we also talked something about what this semester is going to teach me.
